Terms of Use of the Questionnaire of the RESPOND study or selected instruments

**Prof. Dr. med. Kayvan
Bozorgmehr (M.Sc.)**
Principal Investigator

The following conditions apply to the use of the questionnaire or the individual instruments:

- The use and / or distribution of the questionnaire requires the approval of the RESPOND project team as well as the author of the respective instrument, if necessary.
- Any use of the questionnaire outside of research projects requires the written consent of the RESPOND project team.
- The questionnaire may not be used for industry-sponsored projects.

Publication rights of the questionnaire and the individual instruments:

- If the results of a scientific study in which the instruments provided were used are published, the RESPOND project should be cited as follows:
 - Biddle L, Menold N, Bentner M, Nöst S, Jahn R, Ziegler S, et al. *Health monitoring among asylum seekers and refugees: a state-wide, cross-sectional, population-based study in Germany.* Emerging Themes in Epidemiology. 2019;16(1):3.
- The PDF version of the printed publication will be sent to at least one of the authors named above by e-mail.
- The instruments themselves may not be published or disclosed except by the authors named above.

Please select the required instruments and languages:
